CLASSICAL GUITARIST
PORTFOLIO

ABOUT ME

I am a classical guitarist. After completing my studies in Seoul, Munich, and Salzburg, I pursue my work as a concert guitarist with great passion, performing both as a soloist and in chamber music settings.

For me, music is a way of telling stories and making emotions tangible. Through the classical guitar, I continually discover new tonal colors and expressive possibilities that inspire me. Whether in the concert hall, at private events, or in interdisciplinary projects, I seek encounters that move people and create meaningful connections.
